

Mrs. Cindy Brown

Third grade

7 years with St. Peter School

22 years teaching experience

I graduated from Western Illinois University with a Bachelor's degree in Elementary Education and received my Masters Degree in Education from Southwest Baptist University. I am in my 20th year of teaching. I began my teaching career at St. Peter School, teaching 6th grade for 5 years. I then taught at Baldwin School in Quincy for the next 14 years before returning back to St. Peter School to teach 6th grade.

Catholic Education has

always been important to me. I attended St. Peter School as a child and Quincy Notre Dame High School. I feel attending a Catholic School allows children to learn in a faith centered environment.

Teaching at St. Peter School allows me to incorporate my Catholic faith in all aspects of my life. Hopefully, by example, I am able to teach and instill the Catholic faith to those students I encounter.

In my opinion, teaching is one of the most rewarding careers. My goal as an educator is to help each students reach their highest potential. In my classroom, students learn by actively participating in the learning process. I try to stimulate their minds with a variety of different activities, knowing that all children have their own unique skills.
