

# Mrs. Becky McCutchen

## *Second Grade*

**24 years with St. Peter School**

**26 years teaching experience**

I love teaching at St. Peter because it is so familiar to me. I attended this school growing up and am currently a parishioner, teacher and parent here. Second grade is a wonderful grade to teach. The students grow so much academically and spiritually. I try to help every child work to their fullest potential. I also focus on having a positive attitude and cooperating with others. I

am excited each year to walk with the students and their families on their faith journey by helping them prepare for the sacrament of Reconciliation. I hope to create an atmosphere in my classroom where my students feel comfortable and strive to work to their fullest potential. Some of the opportunities offered each day include learning through guided reading and writer's workshop. The students spend their days doing

individual work, group work, and working together as a class. Math, social studies, and science are also incorporated. Finally, we get to learn together each day about our Catholic faith. I am so blessed to have this wonderful job!

### *My teaching style:*

**I try to help every child work to their fullest potential. I also focus on having a positive attitude and**

### *Get to know me...*

I received B.S. degrees in Early Childhood Education and Elementary Education from Central Missouri State University and my Masters Degree in Education from Southwest Baptist University.

Prior to teaching at St. Peter School I taught 5th and 6th grade math at Christ the King Elementary in Springfield, IL. My husband, Mike, and I have two children, Claire and Jack. We also have four dogs.

I love spending time with my husband, children, mom and siblings. When I have free time, I like to read a good book and surf the internet. I also love to travel and find great new restaurants.
