

Mrs. Maria Mast

Academic Specialist

11 years with St. Peter School

26 years teaching experience

I am a product of Catholic education in Quincy, attending both St. Peter and QND. I am thankful for the strong parish and community support of my education, and I am honored to be a part of that rich tradition.

I feel very blessed to be teaching at St. Peter School where I can share my faith and passion for learning with students. My role at St. Peter is to collaborate with the

classroom teachers/staff, administrators, students and parents to create opportunities for all students to learn and be successful.

My teaching style:

Every student has the ability to learn. As educators, it is our responsibility to facilitate the learning so that all students can be successful.

Get to know me...

I am a graduate of St. Peter, Quincy Notre Dame, University of Illinois Urbana-Champaign, and Quincy University. I continue to

grow and learn each day from my students!

My husband, Matthew, is employed by Hollister Whitney. We have three

children. Elena and William are at Quincy Notre Dame, and Richie attends St. Peter. We love our Catholic Schools!
